

Year 3 - Digital Literacy

WHAT I SHOULD ALREADY KNOW

How to use Stop Motion

Use a storyboard to plan animation

Create a short animation

Identify positive features of animations

MAKING CONNECTIONS

You will be using

Cameras
Tablets
Desktops
WeVideo
Google

Extend your learning

Can you use a sound effect and add a voiceover?
Can you use a range of camera angles?

KEY VOCABULARY

Trailer—Used to promote or advertise a book

Storyboard—A sequence of drawings for planning

Digital Device—A piece of equipment that contains a computer

Edit— To correct or change something

Text— The main body of writing

Transitions—The change from one state to another

Variety— Using different techniques

Evaluation—Making a judgement about something

Sound effect—A sound other than speech or music

Voiceover— A piece of narration in a broadcast

KEY OBJECTIVES

Plan a book trailer

Take photos to tell a story

Take videos to tell a story

Edit a video

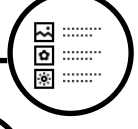

Record sounds using digital devices

Add sound effects and music to a video

Add text to a video

Add transitions to a video

Show a variety of transitions

Explain what makes a successful video

Think about how I share book recommendations
