More about Me

I LOVE being a teacher because I like to learn new things. I will learn a lot this year and some of it will come from you! I like to go to new places and try new experiences.

I have a large collection of gaming consoles and computer games including PlayStations, Xboxes and Nintendo products. I play on them regularly because I love storytelling, relaxing and solving problems.

My favourite subject is Music. This year, I am the Music and Art Lead in school. I like to sing. I can read music and I can play a few instruments (but only a little!). I cannot wait to take part in Young Voices again this year!

I also like Maths, Science, Art, and D&T.
