Well done Jack!

Jack decided to take part in the Robin Hood Mini Marathon to raise money for the John van Geest Cancer Research Centre at Nottingham Trent University. He has been training for it over the last few weeks.

Jack ran the Mini Marathon on Sunday and has so far raised a total of £172 for the cancer research centre. He got sponsorship from many of his SJS friends families so a big thank you to them.

We are very proud of his decision to do this and his achievement.

Happy Half-term
